

SPS-E017-81
18 March 1981

25X1
MEMORANDUM FOR : Director of Data Processing
FROM : [REDACTED]
SUBJECT : Deputy Chief, Special Projects Staff/ODP
Special Projects Staff Weekly Status Report for Week Ending 17 March 1981

1. SAFE

A. On 12 March 1981, Mr. [REDACTED] gave a SAFE overview briefing to new members of the IC Staff.

B. On 17 March 1981, Mr. [REDACTED] gave a SAFE overview briefing to personnel from the Department of Justice.

C. On 9 March 1981, instructors from Burroughs Corporation began a series of short courses for the Consolidated SAFE Project Office and other interested CIA and DIA personnel on Burroughs hardware and software principles. The courses, of two to three day duration, are being held until mid-May. [REDACTED]

2. ADSTAR

A. Sections 1, 2, 3, and 8 of Volume III (the SAS system design) were received. They have been distributed to both OCR and DDO. Review has started.

B. Two tasks were initiated under the CSS Software Maintenance Contract: first, install a shutter timing check on all three converters and second, generate a paper tape punch program for DO that will permit selective conversion of deleted or "lost" documents.
